LEARN TO USE BEAR SPRAY

July, 23rd 6:00pm at the Radium Library

The best bear encounter is the one you avoid. Encounters do happen though, so it is important to carry bear spray. It is just as important to know how to use bear spray properly.

Join your WildSafe BC Coordinator for a hands on bear spray demonstration. You will learn:

- Bear encounter statistics
- Bear identification and behaviour
- How to avoid a bear encounter
- Types of bear encounters
- Bear spray basics
- And, how to deploy bear spray safely.

After the learning session, we will have the opportunity to practice our skills outside using inert cans of spray (weather permitting)
